**Shri Rasiklal Manikchand Dhariwal Old age Home** (Built up area 4834 sq.ft)

**Mrs. Icharjbai Chunnilal Khivansara Old age Home** (Built up area 2190 sq.ft.)

Due to rising population, urbanization, small houses, disintegration of joint family system and changing living values has adversely affected the society and particularly the elderly. This has affected elderly from both poor and well to do families.

Initially Dr. Shah reserved a few cots for the elderly in the hired **Sonapur hospital** and thus began foundations old age homes where 30 elderly could be accommodated. Later on after formation of Janaseva Foundation with the help of generous donation from Shri Nitinbhai Desai was constructed **Late. Shri. Haribhai V. Desai old age home**. About 50

elderly can be accommodated here. Janaseva Foundation has built 16 special rooms as extension of Desai Oldage Homes with the help of generous donation from Shri Nitinbhai Desai.

However, later even this was found to be insufficient to accommodate ever rising influx of elderly. Therefore second old age home was constructed with the donation received from Shri Rasiklal Manikchand Dhariwal and Mrs. Shobha Dhariwal and hence it is named **Shri Rasiklal Manikchand Dhariwal old age home**. It can accommodate about 50 elderly.

With the donation received from Khivansara family **Smt. Icharajbai Chunnilal Khivansara old age home** came into existence for 20 senior citizens who can pay some money.

Approximately 150 elderly from poor, middle class and affluent families live happily here. Personal attention, 24 hours healthcare and friendly atmosphere, nutritious and tasty food are the some of the features of these old age homes. Approximately 20 to 25 mentally disabled are also given admission here along with 40 to 50 physically disabled elderly. As our rural hospital old age homes and nursing school and wardboy aaya training school are in the same complex they get round the clock health care. The number of elderly persons who were accommodated in our Old age home was as follows:

profusely thank GIVE India for helping us for last 10-12 years.

### **Destitute Rehabilitation Centre**

[Total land = 5 acres, Built up – 11951.25 (1110 sq. m.)]

We would like to emphasize to all our donors / well wishers that it is a concept with a difference. It is not merely a centre where men, women, children and destitute would be kept and looked after. The difference is that we would strive our best to look after them, their health and identify their aptitudes and train them to make a living. This would eventually bring back confidence in them and on the support that we shall be providing them, would help them feel that they are not destitute anymore but are able to be on their own and lead a life by entering the main stream of the society.

Taking inspiration from the letter received from mother Teresa and her visit, foundation decided to do something for the destitute. Towards this cause, end Chairman Dr. Vinod Shah, Mrs. Meena Shah and other trustees visited mother Teresa's centre almost all over the country.

However, foundation decided that its destitute centre should try to rehabilitate the destitutes by giving them vocational training along with accommodation and food to the destitute. This project is situated in picturesque Katraj Ghat on 5 acres of land. It received a real impetus when Counsel General of Japan given donation of Rs. 43.4 lakhs and very soon Destitute Rehabilitation Centre was built. The bhoomi Pujan was done by the auspicious hands of Hon'ble Shri Vilasrao Deshmukh, then the Chief Minister of Maharashtra on 25<sup>th</sup> August 2002.

Our social workers meet the destitute & visit railway station, Sassoon General Hospital, bus stops, foot paths. We talk to them and those who are willing to come to the centre are then brought to the centre after informing the nearby police station. These destitute are homeless and helpless but not hopeless. We take complete history and they are checked for the health, various ailments and diseases. Then they are given bath and clothes to wear along with food. They are given medicines and their health is monitored continuously. All the necessary help is provided by the foundation. As per their age, education and skill suitable vocational training is provided which includes, computer training, bakery, nursing, making different articles, jewelry and ornaments, stitching, tailoring, embroidery etc. For illiterate destitute we arrange broom making training along with chalk making, file making etc.

Along with men and women we also admit child destitute or children from poor broken families. We have been given permission to keep the children by **Social Welfare Dept. of Govt. of Maharashtra**. This year there are about 35 children staying with us. We have enrolled them in school and special provision is made assisting them in their studies at the centre. We teach them good manner and behavior, cleanliness and hygiene. There is entertainment and sports facility at the centre along with a park with swings see-saw etc. Besides this we also admit disabled destitute. This programme is sponsored by **Rampadma Godbole Pratishthan & Dr. Jayant Navarange** is the moving force behind it.
